Dear Parent/Guardian

INDIVIDUAL HEALTHCARE PLAN (IHCP)

Thank you for informing us of your child's medical condition.

The aim of an individual healthcare plan is to set out what support each pupil needs and how this will be provided. Individual healthcare plans are developed in partnership between the school, parents, pupils and the relevant healthcare professional who can advise on your child's case. The aim is to ensure that we know how to support your child effectively and to provide clarity about what needs to be done, when and by whom. Although individual healthcare plans are likely to be helpful in the majority of cases, it is possible that not all children will require one. We will need to make judgements about how your child's medical condition impacts on their ability to participate fully in school life, and the level of detail within plans will depend on the complexity of their condition and the degree of support needed.

I have enclosed a copy of the IHCP which we have created using the information you have provided to us. I would be grateful if you could review this and update if necessary, then sign and return in the envelope provided to keep on our records in school.

If you would like to discuss this further then please do not hesitate to contact me. We will review the plans on an annual basis.

Yours sincerely

Victoria Jones
